### Short Stack Lamp \$140

Variation is key in these handmade lamps. Rounds of poplar are cut and assembled into sturdy stacks of functionality. 15.5" tall, 5.5" base. Painted ivory or dark grey (shown) with exposed wood.

\*requires a small bulb like an appliance bulb.

### Medium Stack Lamp \$170

19" tall, 5" base  
Switch is on the socket and the cord is 8'  
Painted ivory (shown) or dark grey with exposed wood.

### Tall Stack Lamp \$260

27" tall, 5.5" base  
Switch is on the socket and the cord is 8'  
Painted ivory or dark grey (shown) with exposed wood.

### Cottage Lamp \$130

This lamp combines the sculptural forms of Amy's wood lamps plus a stoneware sleeve to house the socket. 17" tall to the top of the amber LED bulb. The poplar is finished with a clear matte stain and the ceramic is ivory stoneware. Switch on the cord.

### Wavy Curvy Lamp \$440

All of our lamps are made from poplar which ranges in color from bright and clear, like maple, to brownish, greenish and sandy. I love all of the colors and we use them all. If ordering natural wood, it is finished with a clear pickle stain and will not discolor. This lamp is 35" tall including the shade, the switch is on the socket.

### DD Lamp Tall \$440

Each side of this sculptural wood piece is different so it's engaging from all sides. 32" tall to the top of the bulb, it's finished in a matte clear to see the wood or painted ivory with exposed edges. The brass is unfinished and may darken over time. Switch is on the 8' cord.

### DD Lamp Short \$290

Each side of this sculptural wood piece is different so it's engaging from all sides. 29" tall to the top of the bulb, 16" to the shoulder. It's finished in a matte clear to see the wood or painted ivory with exposed edges. Switch is on the socket.

# LAMP SHADES & LIGHTING DETAILS

Lamp Shades come with the lamps but there are two pricing structures:

Domestic Drum Shades \$24  
white or linen

Small 10" bottom diameter  
Medium 13" bottom diameter  
Tall 12" bottom diameter

Danish Pleated Shades \$68  
white or linen

Small 13" bottom diameter  
Large 14" bottom diameter

these shades are very short and do not always cover the whole socket, if this bothers you we'd recommend the drum shade, which uses a harp.

Please inquire about our custom dyed silk or linen lamp shades.

Cloth covered cord can be ordered on any lamp for an additional \$10.

All lamps use standard bulbs of your choice (incandescent or LED) except those noted that come with a large LED or globe bulb.

All lamps are made with UL parts but a UL certification will cost extra. These are all considered portables and generally do not require UL certification for residential or commercial projects.

Most lamps here are made to order, feel free to customize height, width or color. We'll review to see if your request is possible given the nature of our handmade processes.
